Section 1: Identification
Product information
Commercial Product Name
Sodium Diacetate, Progusta SD

Registration number: 01-2119560593-35

Relevant identified uses of the substance or mixture and uses advised against
Use of the Substance/Mixture
Food additive, Feed additive, Pharmaceutical

Recommended restrictions on use
Reserved for industrial and professional use.

Details of the supplier of the safety data sheet
Niacet b.v.
P.O. Box 60
4000 AB Tiel
NETHERLANDS
Telephone +31 344-615224, Telefax. +31 344-611475
tiel@niacet.nl

Niacet Corporation
400 47th Street
Niagara Falls, NY
14304 U.S.A.
Telephone +1 716-285-1474 Telefax +1 716-285-1497
niacetcsr@niacet.com

Emergency telephone number
For Niacet b.v.Tiel, The Netherlands products: +31 344-615224
For Niacet Corporation, Niagara Falls, U.S.A. products: Chemtrec +1 (800) 424 9300, +1 (703) 527 3887

Section 2: Hazard(s) Identification

Classification of the substance or mixture
USA: Classification according to 29 CFR 1910.1200 (CLP):
Serious eye damage/eye irritation; Category 1: Causes serious eye damage.

EU: Classification according to Regulation (EU) 1272/2008(CLP):
Serious eye damage/eye irritation; Category 1; Causes serious eye damage.

Label elements
USA & EU (CLP):
Hazard pictograms:

Signal word: Danger

Hazard Statements:
H318
Causes serious eye damage
Precautionary statements:

P305 + P351 + P338  
IF IN EYES: Rinse cautiously with water for several minutes.  
Remove contact lenses, if present and easy to do. Continue rinsing.

Prevention:

P280  
Wear protective gloves/ protective clothing/eye protection.

Response:

P310  
Immediately call a POISON CENTER or doctor/physician.

Hazardous components which must be listed on the label:

CAS 126-96-5  Sodium diacetate

Further information:

The product is classified and labelled in accordance with US and EC directives.

Other hazards:

None known

Section 3: Composition/Information on Ingredients

Hazardous Substances present in the product:

Sodium diacetate  :  CAS 126-96-5  
EINECS 204-814-9

Other descriptions:

Sodium hydrogen di(acetate)

Section 4: First-Aid Measures

Description of first aid measures

Inhalation

Remove to fresh air. Keep patient warm and at rest. In case of feeling unwell consult a physician.

Skin contact

Rinse with plenty of water. If symptoms persist, call a physician.

Eye contact

Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Seek medical advice.

Ingestion

Rinse mouth with water. Obtain medical attention.

Most important symptoms and effects, both acute and delayed

Symptoms  :  Risk of serious damage to eyes.

Indication of immediate medical attention and special treatment needed, if necessary

Treatment  :  Rinse with plenty of water. Seek medical advice.

Section 5: Fire-Fighting Measures

Extinguishing media

Water spray, Foam, Dry Chemical or Carbon dioxide (CO2)

Unsuitable extinguishing media: None

Special hazards arising from the substance or mixture

Heating can release hazardous gasses.

Sodium oxides, carbon oxides (COx), acetic acid

Special protective actions for fire-fighters

In the event of fire, wear self-contained breathing apparatus.
Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures
Avoid dust formation. Avoid contact with eyes. Use personal protective equipment. For personal protection see section 8.
Environmental precautions
Try to prevent the material from entering drains or water courses.
Methods and materials for containment and cleaning up
Sweep up and shovel into suitable containers for disposal. Smaller spills can be flushed away with plenty of water to remove the product. Dispose of in compliance with local and national regulations.

Section 7: Handling and Storage

Precautions for safe handling
Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Do not breathe dust. Keep container closed when not in use.
Ensure that eyewash stations and safety showers are close to the workstation location.
Conditions for safe storage, including any incompatibilities
The product is very hygroscopic. Keep containers tightly closed in a dry, cool and well-ventilated place. Store in original container.
Materials to avoid: Acids and bases, oxidizing agents.
Specific end uses
Meat Preservative

Section 8: Exposure Controls/Personal Protection

Exposure Limit Values
Contains no substances with occupational exposure limit values.
Exposure controls
Appropriate engineering controls
Handle in accordance with good industrial hygiene and safety practice. Provide appropriate exhaust ventilation at places where dust is formed. In case of insufficient ventilation, wear suitable respiratory equipment.
Individual protection measures, such as personal protective equipment
Hand protection
Glove material: PVC
Glove material: Rubber gloves
Eye protection
Tightly fitting safety goggles or face-shield.
Skin and body protection
Work clothing.
Respiratory protection
Respirator must be worn if exposed to dust (with a P1 dust filter).

Section 9: Physical and Chemical Properties

Appearance (physical state, color, etc.): white solid, powder, granules
Odor: very faint smell of acetic acid
Odor threshold: No information available
pH: 4.5-5 (10% w/w)
Melting point/freezing point: No information available
Sodium Diacetate

Section 10: Stability and Reactivity

Reactivity
No dangerous reaction known under conditions of normal use.

Chemical stability
Stable under normal conditions.

Possibility of hazardous reactions
Hazardous reactions: None known.

Conditions to avoid
Conditions to avoid: Stable under recommended storage conditions.
The product is very hygroscopic. Avoid moisture.

Incompatible materials
Materials to avoid: Acids and bases, oxidizing agents.

Hazardous decomposition products
Hazardous decomposition products: Sodium oxides, carbon oxides (COx), acetic acid

Section 11: Toxicological Information

Information on toxicological effects

Acute toxicity
LD₅₀ Oral/rat: 5600 mg/kg
LD₅₀ Dermal/Dermal/rat: > 2000 mg/kg

Irritation and corrosion
Skin:
No data available
Eyes: rabbit/24 h/OECD Test Guideline 405: Irreversible effects on the eye
Risk of serious damage to eyes.

Sensitisation
No data available

Long term toxicity
Repeated dose toxicity: NOAEL: = 132 mg/kg bw/day

Human experience
Inhalation
Exposure to dust at high concentrations. Symptoms: Irritation
Skin contact
Repeated or prolonged exposure: May cause mild irritation.
Eye contact
Repeated or prolonged exposure: May cause mild irritation.
Ingestion
Repeated or prolonged exposure: May cause mild irritation

**Carcinogenicity**
IARC: No component of this product present at levels greater than 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

**Section 12: Ecological Information**

Ecotoxicity effects
Aquatic toxicity
no data available

Toxicity to other organisms
no data available

Persistence and degradability
Biological degradability:
Readily biodegradable

Bioaccumulative potential
Bioaccumulation is unlikely.
Partition coefficient: No information available

Mobility in soil
Mobility
Sodium hydrogen di(acetate):
Water solubility: 50% (25°C) / 50% (77°F)
Water soluble. Stays in water phase. non-volatile

Results of PBT and vPvB assessment
This substance is not considered to be persistent, bioaccumulating nor toxic (PBT).

**Section 13: Disposal Considerations**

Waste treatment methods
Product
Dispose of in compliance with local and national regulations.

**Section 14: Transport Information**

UN number
Land transport
Not classified as dangerous in the meaning of transport regulations
Sea transport
Not classified as dangerous in the meaning of transport regulations
Air transport
Not classified as dangerous in the meaning of transport regulations

**Section 15: Regulatory Information**

Safety, health and environmental regulations/legislation specific for the substance or mixture

U.S. TSCA Inventory Status: The components of this product are listed on the TSCA Inventory or
are exempted from listing.

Water contaminating class:    WGK 1 slightly water endangering (Germany)

**Section 16: Other Information**

Last revised on 04 November 2016 by Niacet EHSQ department

**Further information**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
