

# CALPRONA CP

## Calcium Propionate Feed Grade

| SPECIFICATIONS                             | CONTROL LIMITS                     |
|--|------------------------------------|
| Appearance                                 | White/off-white granules or powder |
| Assay calcium propionate on dried material | ≥ 98.5 % mass                      |
| Water                                      | ≤ 6.0 % mass                       |
| pH (1% solution)                           | 6.0 – 11.0                         |
| Iron (Fe)                                  | ≤ 50 ppm                           |
| Fluoride (F)                               | ≤ 40 ppm                           |
| Arsenic (As)                               | ≤ 2 ppm                            |
| Cadmium (Cd)                               | ≤ 2 ppm                            |
| Lead (Pb)                                  | ≤ 2 ppm                            |
| Mercury (Hg)                               | ≤ 0.1 ppm                          |
| Heavy metals (as Pb)                       | ≤ 10 ppm                           |
| Dioxine & Dioxine-like PCB's               | Conform*                           |

This product is produced in the Netherlands.

\* Conform Directive 2002/32/EC on undesirable substances in animal feed.

Calprona CP is GMP+ FSA assured. Calcium propionate is listed in the European Union Register of Feed Additives as E282 pursuant to Regulation (EC) No 1831/2003.
